WORK EXPERIENCE

Development Lead
People10 Technosoft Pvt. Ltd.

05/2019 - Present
People10 is a service-based company specializing in web development and AI/ML.

Achievements/Tasks

- Design and maintenance of Allegiant Air's Flight Movement Management (FMM), an Angular web app crucial to the Operational Control Centre (OCC) in order to track, maintain and modify flights. • Large-scale project with over 90% unit test coverage and secured using Fortify.
- Improved UI performance by ~120% by implementing server-side rendering, lazy loading of front end modules, and virtual scrolling.
- Implemented an innovative solution to reduce the build time by ~650% by significantly improving unit test performance.

Senior Software Engineer
People10 Technosoft Pvt. Ltd.

05/2018 - 04/2019

Achievements/Tasks

- Migrated a closed user group hotel booking website for wedding guests from .NET WebAPI, CodeIgniter, and jQuery to .NET WebAPI 2.0 and Angular 8 within 3 months which was earlier than estimated.
- Implemented split payment functionality which enables the splitting of large transactions between multiple cards.
- Implemented scheduled payments (EMI) and saved card functionality in compliance with PCI standards.

Software Engineer
People10 Technosoft Pvt. Ltd.

06/2016 - 04/2018

Achievements/Tasks

- Designed and developed OLAS (olasjobs.org), an online job application system for educators using AngularJS and .NET WebAPI.
- Received a recognition award for taking ownership and ensuring timely completion of the project.
- Maintained Allegiant Airlines' call center booking website in AngularJS and Symfony.

EDUCATION

BTech in Electrical & Electronics Engineering
National Institute of Technology, Calicut

07/2012 - 06/2016   *First Class*

TECHNICAL SKILLS

Programming Languages
Javascript, TypeScript, C/C#/C++, Java, PHP, HTML, CSS, Assembly

Frameworks & Libraries
Angular, RxJS, React, Redux, BackboneJS, Node, Express, jQuery, Bootstrap, .NET MVC, .NET WebAPI, CodeIgniter, SvelteJS, Karma, Jest, Jasmine, Unity
